Art Unit: 1651

1. Claims 1-6 are present in the instant application/
2. The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-6 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

The expression in Claim 1, starting at line 5 which states"...said midblocks comprising one or more substantially crystalline polyethylene midblocks and with nil, one or more amorphous midblocks" renders the claims vague and indefinite in scope as to the claimed compositions.

3. No anticipatory art has been found.
4. No Claim is allowed.

Art Unit: 1651

5. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.
